Mira Atlantis 1 UW : Recessed Linear LED

(Under Water)

Marine Grade Stainless Steel 316

A range of high quality stainless underwater Luminaires

This recessed Luminaire manufactured from Marine Grade Stainless 316 and is designed for use in ponds, rock pools and water features.

This luminaire is not rated for natatoriums, swimming pools or water parks.

The Mira Atlantis is supplied with a Stainless Steel Recessing box and remote mounted driver.

Not only is the housing made of the highest quality stainless steel but incorporated in the product design is a unique product feature that uses a water proof potting compound that totally seals the back of the luminaire and stops water ingress.

Installer Friendly.

To assist with the installation the product is supplied with marine grade stainless steel 316 concrete recessing box.

The fixture is pre-wired with water proof cable down to the base that makes connecting to the remote driver or low voltage transformer a simple task.

This product is also available with static white & colored LEDs. Please contact the factory for more details.

Remote mounted driver box to be provided by Contractor.
