

IP68: Suitable for Underwater Locations IK10: Impact Resistant (Vandal Resistant)

Mira Atlantis 1 UW: Recessed Linear RGB

(Under Water) Marine Grade Stainless Steel 316

A range of high quality stainless underwater Luminaires This recessed Luminaire manufactured from Marine Grade Stainless 316 and is designed for use in ponds, rock pools and water features.

This luminaire is not rated for natatoriums, swimming pools or water parks. The Mira Atlantis is supplied with a Stainless Steel Recessing box and remote mounted driver.

Not only is the housing made of the highest quality stainless steel but incorporated in the product design is a unique product feature that uses a water proof potting compound that totally seals the back of the luminaire and stops water ingress.

Installer Friendly.

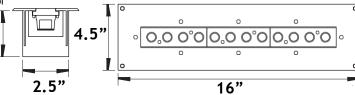

To assist with the installation the product is supplied with marine grade stainless steel 316 concrete recessing box.

The fixture is pre-wired with a 16 ft water proof cable that makes connection to the remote low voltage DMX decoder/driver a simple task. Longer power cable can be provided if specified.

RGB Controls are additional options and should be specified with the control package. Remote mounted low voltage transformer and RGB control box to be provided by contractor.

Remote mounted box provided by contractor.
